

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION VII
901 NORTH 5TH STREET
KANSAS CITY, KANSAS 66101

APR 03 2006

Mr. Jeffrey R. Vonk, Director
Iowa Department of Natural Resources
Henry A. Wallace Building
502 East 9th Street
Des Moines, Iowa 50319

Dear Mr. Vonk:

Re: Approval of an Iowa TMDL

This letter responds to the submission from the Iowa Department of Natural Resources (IDNR) originally received by the U.S. Environmental Protection Agency (EPA) Region 7 on February 23, 2006, for a Total Maximum Daily Load (TMDL) document which contains a TMDL for pathogens. The below listed lake was identified on the 2002 Iowa §303(d) list as impaired. This submission fulfills the Clean Water Act statutory requirement to develop TMDLs for impairments listed on a state's §303(d) list. The specific impairment (water body segment and pollutant) is:

Water Body Name	WBID	pollutant
Beeds Lake	IA 02-WFC-0090-L	Pathogens

EPA has completed its review of the TMDL with supporting documentation and information. By this letter, EPA approves the submitted TMDL. Enclosed with this letter is the Region 7 TMDL Decision Document which summarizes the rationale for EPA's approval of the TMDL. EPA believes the separate elements of the TMDL described in the enclosed form adequately address the pollutant of concern, taking into consideration seasonal variation and a margin of safety.

EPA is currently in consultation under Section 7 of the Endangered Species Act with the U.S. Fish and Wildlife Service regarding this TMDL. While EPA is approving this TMDL at the present time, EPA may decide that changes to the TMDL is warranted based upon the results of the consultation when it is completed.

We appreciate the thoughtful effort that IDNR has put into this TMDL. We will continue to cooperate with and assist, as appropriate, in future efforts by IDNR to develop remaining TMDLs.

Sincerely,

A handwritten signature in black ink, appearing to read "Betty J. Berry". The signature is fluid and cursive, with a large initial "B" and a long, sweeping underline.

Betty Berry
Acting Director
Water, Wetlands, and Pesticides Division

Enclosure
